Company Profile

Dongguan Jiayan Woolens Co., LTD. is a well-established, family-run company, which has been a professional sweater supplier since 1994. Our business began with the production of womenswear. We have since grown to produce mens, children's and other knitwears for high street stores, online retailers, independent designers and wholesalers in recent years.

We have a highly experienced production team, which is comprised of knitters, machinists and inspectors. They can ensure the high level of quality during the whole production, and that 's what leads us to where we are today.

Our business scope ranges from jumpers, cardigans, shrugs, vests, leggings, skirts and accessories including scarves, snoods, poncho, shawls and beanie hats. We are always committed to being an all-round manufacturer and enable us to provide better service for our customers.

Customer satisfaction is the mission we have been seeking for until today, from the sampling to delivery of our products, that is why we can stand right here among all the knitwear suppliers. Most importantly, the core of our business letting us bear in mind is: Quality.
